

ZONE OF THEORETICAL VISIBILITY

Viewpoint name	Easting	Northing	Distance to Site (km)	Receptor Type
1. Blackstone Road	245923	665935	0.61	Roadway/Recreational
2. Moss Road	244195	665258	0.12	Roadway/Recreational

- Solar Array
- Zone of Theoretical Visibility (ZTV)
- Viewpoint

Map illustrating the Zone of Theoretical Visibility to a 5km radius of the proposed development calculated using the development boundary and the highest point of the array (2.96m)

The ZTV is computer generated in ReSoft Windfarm V5 using OS landform terrain 50 data and takes into account natural and built features within the landscape. All barriers are considered by the software to obscure the development entirely with no demonstration of filtered views or partial screening. The Earth's curvature and atmospheric refraction are included. Viewer height above ground is 1.7m.

Scale: 1:40,000 @ A3
